MAIN STREET — Downtown Roundtown looks not the least bit serene on the eve of the official opening of the Pumpkin Show Wednesday. Traffic was completely

snarled Tuesday morning as concessioners tangled with commercial truckers over right of ways on Court and Main Streets. Problems are resolved, however, and the

"show will go on" as scheduled — even under the threatening eye of the weatherman who predicts rain for Wednesday.

State Tax Hassle Resumes

COLUMBUS, Ohio (AP) — Gov. John J. Gilligan said today the legislature's failure to enact a permanent tax-budget bill has given it one of the worst records in Ohio history. Gilligan, at a news conference, noted Ohio is 110 days into a new fiscal year without a permanent budget. "This is the first legislative body in the history of Ohio that has failed to meet its obligations," he said.

Gilligan said a recent Franklin County Common Pleas Court decision barring austerity cuts in aid to welfare patients "make plainer than ever that the obligation for funding these programs rests with the legislature." The court, Gilligan said, felt the governor was trying to legislate in making the cutbacks. "I probably was," Gilligan said. "Somebody's got to legislate."

On another front, Rep. Robert E. Netzel, R-7 Laura, an opponent of Gilligan's plan for a personal income tax, urged colleagues to "quit fooling around" with 10-day and monthly budgets and pass a bill calling for new expenditures of \$450 million to finance local schools and necessary functions of state government. Netzel said the subsidy to education could be increased by 20 per cent and all other areas

of government, including welfare, could be boosted 5 to 10 per cent without additional taxes. "This will mean reducing the present level of welfare case loads and stopping their continued growth," Netzel said. He said they had gone up 25 per cent in the past 19 months. Netzel suggested the legislature assume control over fiscal policies of the state. "The governor is obviously

not capable of managing the taxpayers' dollars," he said. He called Gilligan's austerity cutbacks "childish tantrums." He said they "punish innocent people." The House-Senate conference committee was to resume its discussion of possible ways to finance the state's \$8.1 billion budget. The six-man committee, headed by Rep. Lloyd George (Continued on Page 8)

Coal Strike Could Hurt Utilities

CHARLESTON, W.Va. (AP) — The impact of the nationwide coal strike mounted Monday with reports of miners seeking federal food stamps, more layoffs pending in related industries and a projection of serious power shortages by winter. United Mine Workers President W. A. "Tony" Boyle said Monday the nation will face power shortages unless the coal

industry begins bargaining in good faith for a new contract to end the coal miners' strike, now in its 19 day. Boyle, in a statement, charged that the Bituminous Coal Operators Association has not yet made any serious offer on wage hikes welfare contributions, sick-leave pay and other union demands. The UMW chief said coal stocks are fast being depleted

by power companies and "the result could well be brownouts during the depths of winter." However, utility companies have said most stockpiles of coal are large enough to last through the next two months. Meanwhile, more than 300 miners in Logan County applied for federal food stamps Monday at welfare offices. And about 75 disabled miners and widows said they would ap-

pear today at UMW headquarters in Washington to demand that pension and medical benefits for them be included in the contract now being negotiated. In addition, Miners for Democracy—a dissident union faction—has scheduled a Friday demonstration in Washington to demand that the union begin paying strike benefits to members.

U.S. Bombs Fall On South Viet Position

18 Soldiers Die In Erroneous Air Attack

SAIGON (AP) — An American fighter-bomber accidentally bombed a South Vietnamese position near the Cambodian border and killed 18 South Vietnamese troops, the U.S. Command announced today.

The command said seven South Vietnamese paratroopers were seriously wounded, and "additional soldiers received lesser wounds" in the bombing raid Monday 60 miles northwest of Saigon.

The command said a U.S. Air Force A37 jet, flying in support of South Vietnamese troops, dropped two 500-pound bombs on an "assigned target" near the government paratroop base at Thien Ngon, on Route 22 in Tay Ninh Province.

A U.S. spokesman said a preliminary investigation indicated the target had been marked by an American forward air controller and cleared by the South Vietnamese ground commander in the area.

It was the worst bombing mistake since March 5, when a napalm strike by U.S. aircraft killed 36 South Vietnamese troops participating in the invasion of Laos.

No major battles were reported along the Cambodian border, but North Vietnamese gunners continued to shell South Vietnamese outposts and U.S. Fire Base Pace. Spokesman said none of these attacks caused any casualties.

South of Saigon, in the Mekong Delta, the South Vietnamese command claimed, 34 enemy were killed in a five-hour engagement between a 500-man battalion of government infantrymen and a force of Viet Cong and North Vietnamese. A spokesman said three South Vietnamese troops were killed and six wounded in the battle on the edge of the U Minh forest.

Skyjacker Surrenders In Canada

VANCOUVER, B.C. (AP) — The stewardess says a young man who surrendered to Royal Canadian Mounted Police after hijacking a Boeing 727 over Alaska was worried about ending up in jail. He had put off the passengers at the first stop.

Nancy Davis, 22, a stewardess from Seattle on her first flight since joining Wien Consolidated Airlines two weeks ago, said the hijacker was scared and nervous and had said he was "frightened about going back to jail."

"He kept telling me how calm I was," Miss Davis said Monday night. "My stomach was practically upside down, but I guess it didn't show."

The hijacker, armed with a small caliber pistol, took over the plane Monday afternoon during a flight from Anchorage to Bethel, Alaska. He ordered the plane back to Anchorage, let the 39 passengers off, and then demanded that the four-member crew fly him to Vancouver.

After going on to Vancouver, the hijacker ordered the plane into the air again, but changed his mind and the 737 returned to Vancouver International Airport.

Canadian immigration authorities held a man identified as Del Lavon Thomas, 28, on a detaining order under air piracy charges filed in Anchorage.

Sheriff Arrests Two Persons In Separate Cases

Pickaway County Sheriff Dwight Radcliff has cracked two separate cases, one involving the possible interstate shipment of cattle obtained by

a forged check and the other, "one of the most ingenious counterfeit check rackets in the country," he said Tuesday.

Merle P. Arnold, 31, Blanchester, is in the Pickaway County Jail today awaiting trial after being ordered to the Grand Jury under \$3000 bond Monday by Judge Sterling Lamb.

Arnold was tracked down by Radcliff and Deputy Donald Thompson after a five-day manhunt was culminated in dramatic fashion Monday.

Radcliff started his actual investigation Sept. 18 when a \$500 check, passed to the Pickaway Pony Sales, was returned as forged. Sales personnel noted the check was used to purchase a pony and riding equipment.

IDENTIFICATION used to cash the check was traced by Radcliff to a Batavia, Ohio, man, Jackie L. Cline.

But Cline, questioned by Radcliff, told the Sheriff he had lost his wallet and identification several weeks earlier.

At this time, 10 calves were reported falsely purchased from the Producer Stock Yard, Wilmington. The cattle were valued at \$1200 and the identification used to cash the check was that of Cline and Merle Arnold.

Radcliff traced the pony to a stable in Cincinnati, and put (Continued on Page 2)

Medina Joins Copter Firm In Michigan

MENOMINEE, Mich. (AP) — Former Army Capt. Ernest L. Medina, acquitted by a military court last month in the My Lai massacre in Vietnam in 1968, walked into a small office Monday and began his new career with a firm that manufactures helicopters.

Medina, 35, spent part of the day house hunting with his wife Barbara. Medina, who described himself as not a public figure, said he was rather a victim "of this unfortunate incident that forced me to enter the public eye."

He said that he hoped to get in his final two years of college, majoring in business, through extension courses at the University of Wisconsin which maintains a branch in Marinette, Wis., just across the Menominee River.

Medina's new job is assistant to the chairman of Enstrom Helicopter Co.

Lawyer F. Lee Bailey, Medina's defense attorney at the court martial, is the company's chairman.

Paul Schultz, Enstrom vice president-engineering, said of Medina's new job, "He's going to learn the helicopter business. He's going to learn to fly 'em and he's going to learn to build them."

Publicity Halts LSH Release

LIMA, Ohio (AP) The acting superintendent of Lima State Hospital said Monday a woman has spent five years at the institution because the hospital was afraid of the publicity that would surround action toward her release.

An Allen County court has taken under advisement the request of Marianne Colby, 45, of Shaker Heights for release from Lima, where she was sent after being found innocent by reason of insanity of the murder of eight-year-old John Cremer Young, the son of a neighbor.

The Federal Reserve Board said Monday that industrial production advanced by .5 per cent in September after dropping sharply in the two previous months.

At the same time, the pace of home building, one of the economy's strongest sectors, slackened after a strong August

Ag Department Capitulates On School Lunch Payments

WASHINGTON (AP) — The House has voted without dissent to reinstate a more liberal school-lunch program, but not before the Agriculture Department, feeling presidential and congressional pressure, had done what the House sought to force.

The USDA announced just hours before the 354-0 vote Monday that it was rescinding the belt-tightening policies that prompted strong action in both houses.

The capitulation raised doubt whether congressional follow-through to resolve differing versions of House and Senate lunch measures was needed.

And the sequence of events on the issue left one senator declaring that his colleagues had gone crazy.

The House bill provides a minimum of 46 cents in federal

reimbursement to the states for every lunch served to a child deemed eligible by the state.

The USDA policy change, the third since mid-August, tracked closely the aims of the House measure. In August the department announced that the school lunch reimbursements would be set at 35 cents per serving, down from the previous year's 46 cents.

Congress returned from recess expressing outrage at the action, and USDA on Oct. 6 announced it was moving the lunch reimbursement up to 46 cents.

At the same time the department restricted eligibility to its own standard: children of parents earning less than \$3,910.

The action eliminated an estimated 1 million to 1.5 million children who had gotten free or reduced-priced lunches last year after Congress and the

White House ordered schools to feed every needy child.

The department yielded Monday on a major point, allowing the states to set eligibility, as well as increasing the reimbursement per lunch to 46 cents. Some states' maximum income level for participation far exceeds that favored by USDA.

But what happens next is in doubt.

The Senate on Oct. 1 passed a bill that was not as broad as the House version.

The Senate version says nothing about eligibility and declares that 46 cents shall be the minimum reimbursement.

The USDA says the 46-cent reimbursement is an average, not a minimum, figure.

Sen. Allen Ellender, chairman of the Senate Appropriations Committee, said he's all for adding another \$135 million to the USDA school lunch program to expand it to those he defined as the really needy.

"But the Senate's liable to pass anything dealing with the school-lunch program," Ellender said. "They've gone crazy. It's a politically hot program these days and they'll go along with anything."

Say Springfield Bank Robber Fled By Air

WASHINGTON COURT HOUSE, Ohio (AP) — Federal agents say a private pilot here may have taken a Springfield bank robber on a charter flight to Tennessee Monday.

Pilot Lloyd Anderson, 47, of Hillsboro, said he flew a rough-looking passenger with two black suitcases from the Fayette County airport to Nashville.

A "rough looking" bandit held up a branch of the LaSalle National Bank of Springfield soon after it opened Monday. He fled with \$39,000 crammed into a black attache case and in his pockets.

Federal agents became interested after Fayette County sheriff's deputies found a car matching the getaway vehicle parked at the airport. They said a man identified himself as Daryl Locklin parked it before taking the charter flight.

Economic Pace Still Sluggish; Housing Dips

WASHINGTON (AP) — With faint signs of a turnaround showing, the nation's economy enters the fading months of 1971 still suffering with substantial slack, a new government report shows.

The Federal Reserve Board said Monday that industrial production advanced by .5 per cent in September after dropping sharply in the two previous months.

At the same time, the pace of home building, one of the economy's strongest sectors, slackened after a strong August

output in the steel industry, the board said. But it added the steel industry is still slack ridden, with production of raw steel showing a decline in the first part of October.

Although the key industrial production index increased, it was still 6 per cent below the high recorded in the middle of 1969. The index however, was 2 per cent higher than last November's low point, when the 1970 recession was at its deepest level.

The administration is hoping Nixon's new economic moves, including restoration of the in-

vestment tax credit, will spur output of the nation's factories, mines and utilities.

The board said production of consumer goods and business equipment increased in September while defense output declined. Auto production remained at previous levels.

The Commerce Department said housing starts in September reached an annual rate of 1.958 million units, seasonally adjusted, down from the August rate of 2.235 million units.

The administration said one reason for the drop was that housing starts may have been artificially high in August,

reaching a level that was hard to maintain throughout the remainder of 1971.

But Dr. Harold Passer, assistant commerce secretary for economic affairs, said 1971 "will be the best housing year in history," reaching, he said, the administration's goal of two million housing starts this year.

In the three months from July through September, housing starts were at a seasonally adjusted annual rate of 2.1 million units, the highest quarterly rate on record, he said.

Passer said prospects for further housing gains in 1972 are good.

House Uncertain On Viet Pullout Proposal's Fate

WASHINGTON (AP) — House rejection of the Senate's six-month deadline on the Indochina war was so uncertain today that leaders were weighing the risk of even putting it to a vote.

Republican Leader Gerald R. Ford said he would make no final decision until today, after results of a week of White House-GOP leadership lobbying had been counted.

"It's close enough to be serious," Ford said.

A chief White House lobbyist predicted before the House action that Senate Democratic Leader Mike Mansfield's amendment for a U.S. pullout in six months if American prisoners are released would be rejected by a margin of 30 House votes.

Antiwar lobbyists led by Common Cause, showed less confidence before the showdown of winning 23 votes that could reverse last June's 219-176 House rejection of a nine-month war deadline.

"We could do it," said a Common Cause lobbyist. "It's going to be close but I'm not throwing in the towel."

Half a dozen White House lobbyists joined Republican leaders Monday in urging House members to reject the six-month deadline. At least as many antiwar lobbyists pressed them to accept it.

In a final effort, the White House invited some 60 House Democrats this morning for a briefing by Adm. Thomas H. Moorer, chairman of the Joint Chiefs of Staff.

An Associated Press check Monday found nine sure and four possible new House votes switched in favor of the Mansfield amendment, short of the antiwar forces' 23-vote target.

Republicans had the power to prevent a vote on the war deadline because they got the one motion permitted on binding the House to any feature of the Senate-passed \$21-billion weapons bill containing the deadline before it went to a House-Senate conference.

Ford told newsmen Monday the House already has approved one Mansfield war-halt amendment after the nine-month date was taken out, and said he might decide to turn the one House-binding motion over to some other feature of the \$21-billion bill instead of Mansfield's new six-month amendment.

"Passage of another Mansfield amendment," Ford said, "would tend to undercut the President's efforts in Moscow and Peking."

That argument had several Republicans who have supported war deadlines in the past considering switches of their votes.

Series Violence Overstated, Officials Claim

PITTSBURGH, Pa. (AP) — The big World Series victory demonstration was a "jubilant celebration that got a little out of hand," the city's top cop says. The mayor calls it "an overexuberant celebration."

The 10-hour celebration in the downtown area that attracted an estimated 100,000 people left these results:

—Hospital treatment for 128 persons.

—Arrests of 98 persons.

—Vandalizing of downtown shops.

—Cars heavily damaged, many with caved in roofs.

A fire engine stripped for equipment.

—A hotel forced to temporarily close.

—Tons of debris left in the streets.

Police Supt. Robert E. Colville called a news conference Monday to "set the record straight" about what happened. Mayor Peter Flaherty said "the national news media" blew things out of proportion.

Colville said stories about rapes and criminal assaults on downtown streets were fabricated by reporters. During the celebration Sunday night a police desk sergeant reported a dozen rapes.

Colville said the demonstration which erupted after the Pittsburgh Pirates' 2-1 seventh-inning home run over the Orioles at Baltimore was just a "jubilant celebration that got a little out of hand."

"But that happens whenever such a large crowd gathers," he added.

Hospital spokesmen confirmed Monday treating 128 minor injury cases and at least one case involving injury requiring hospitalization. All of the cases were related to the downtown celebration the spokesmen added.

Police also confirmed 98 arrests made as a wild cheering, singing, dancing and sometimes violent crowd roams through the streets.

(Continued from Page 1) Va., that employ layoffs by Friday would total nearly 4,700, or about 16 per cent of the total N&W work force of 28,300.

Coal loadings on the N&W last week were limited by the strike to 4,059 cars, officials said, compared with 32,350 cars for the same week a year ago.

Roving pickets appeared at some non-union mines in West Virginia Monday and picketing of non-union coal mines was reported in Lee, Wise, Scott and Dickenson counties in Virginia.

James Deem, area welfare administrator in Logan County, said Monday about 25 per cent of the country's 4,000 miners have already applied for benefits that will be effective Nov. 1.

He noted that all of the Mountain State's 39,000 striking miners will be eligible for food stamps Nov. 1, unless they have other substantial means of income.

Status Of Williamsport Building Aired By Board

A meeting Monday of the Westfall Board of Education was held in the high school building, the second which Superintendent Donald Shearer had been unable to attend since suffering a heart attack earlier in the school year. He hopes to return to his post in November on limited service.

Members confined most of their discussion to the receipt of two letters from the office of the State Fire Marshal on Williamsport Elementary. The first letter, sent to Superintendent Shearer, granted an indefinite extension of time on the fire marshal's order against the school building under certain provisions. Under the terms of the extension, the building must be kept secured and unoccupied, except when necessary to maintain or repair the building. The premises must also be kept free of weeds and other fire hazards.

Robert E. Lynch issued a letter personally to Richard Redman as president of Westfall's school board which read:

"The case of the Williamsport

Elementary School was reviewed in the office of the Fire Marshal of the State of Ohio. Present were members of the Westfall Board of Education Richard Redman, Eugene Bush and Principal Roger Beck. State Fire Marshal Robert Lynch, Chief of Inspection Bureau Norbert Baker and Inspectors Walter Meyers and Orville Bechtel were also present.

"RECORDS show that the Williamsport school was inspected by Walter Meyers, on Feb. 19, 1971. Many fire hazards and some structural defects were noted. Inspector Meyers noted at the bottom of his report, 'In my opinion this building is unsafe for use as a school building. I recommend this condition be corrected immediately.' This report was received in the fire marshal's office Mar. 1, 1971.

"A 'Letter Order' was issued on Mar. 2, 1971 to Donald F. Shearer giving him 30 days to correct the noted violations or have proceedings instituted.

"On Mar. 5, 1971, a letter pointing out approximately the

same hazards was written to Donald F. Shearer by Gabriel Blumer, Professional Engineer, Chief of Division of Factory and Building Inspection, Department of Industrial Relations. Mr. Blumer noted at the end of his letter, 'Obsolescence is creeping up on this building, so it is strongly recommended that immediate adequate action be taken to make this building as safe as possible.'

The fire marshal's office was informed on Mar. 16 that the Williamsport school would be closed on or before March 31 in a letter from the district superintendent. Prior to the closing, on Mar. 24, Shearer requested clarification on conflicting points in orders of the State Fire Marshal and Division of Factory and Buildings. A reinspection visit was made the following day at the building.

A 60-day extension was granted Mar. 31 on the letter order issued Mar. 2 requiring correction of violations. This was changed to a formal order upon Lynch's appointment as Fire Marshal, based on the seriousness of the needed changes and the consequences that would follow if children were to return to the building and meet serious injury or worse. The new marshal did allow the 60 days for compliance.

The letter continued: "On June 14, 1971, this office received an Inter-Office communication from inspector Meyers along with a Form 19 requesting another 60 day extension of the Formal Order. This was granted."

"ON Sept. 1, this office received a letter from Mr. Shearer requesting a meeting between the Board of Education and the office of the Fire Marshal to review the case. Sept. 27, 1971 was the first open date acceptable to all parties.

"On September 24, Inspector Bechtel was ordered to reinspect the school. Again, many serious defects were noted.

"Finally on this date the case review was held. I witnessed a report from VanStraten and Edward Engineers that also pointed out many serious defects with the school building. In his report Mr. Edwards stated, 'The recommended repairs could be accomplished. However, this building, because of its size, type of construction, and corridor arrangement, would still be considered unsafe by the experts who have the responsibility of defining the minimum standards through the writing of the code.'

"The above is a statement of facts that are a matter of record. I might also add that the representatives of the Office of State Fire Marshal have to interest, concern or jurisdiction as to the cost of repairs or the contractor who makes the repairs. This responsibility rests solely with the building owner. At this point we can only reinspect to see if the repairs meet minimum safety standards or start legal proceedings to accomplish repair or razing."

The two letters were accepted by vote of the Westfall board and recorded in the minutes of the meeting.

In other matters, members voted to change their regular meeting to Nov. 8 as a followup on Nov. 2 election. They also voted to employ Mrs. Verna Mowery as assistant clerk-treasurer of Westfall Board and Mrs. Pat Fry as cheerleader adviser and girls' basketball coach at Monroe Junior High.

THEY authorized the sale of bus number 23, one of the spares of the 21-bus fleet. A new bus was received by the district Saturday and put into operation.

A continuation was granted in the milk program where the school district receives federal subsidies for milk sold to school children in the lunch program. This is now in effect for grades one through six.

Stolen Truck Wrecked On Route 22 Exit Ramp

The Pickaway County Sheriff's Department investigated a pair of wrecks and burglaries Monday night and Tuesday morning.

George E. White, 32, Columbus, smashed a stolen truck on the Route 22 exit ramp to Route 23 at 9:55 p.m. Monday.

He hit the guard rail and flipped the truck, causing extensive damage to the truck. White was taken to Berger Hospital where he was treated for lacerations to his nose and forehead and released to the custody of Sheriff Dwight Radcliff.

Besides being charged with stealing the truck, he was cited for operating a motor vehicle while under the influence of an intoxicant.

David Morris, 344 E. Mound St., notified city police the truck had been stolen from in front of Tootle's Pumpkin Inn about 9:30 p.m. Monday.

He said he had parked the truck and left the keys in it. John L. Shelton, 49, Chillicothe, suffered a bruised elbow in a two-car wreck on Route 104 5:25 p.m. Monday.

His car was allegedly sideswiped by a car driven by Sherman A. S. Madden, 16, Chillicothe.

David Rothget Jr., Route 1, Williamsport, complained to Sheriff's Deputies that thieves had stolen \$245 worth of tires from his home sometime Monday.

Michael Benson, Route 1, Orient, reported that thieves had stolen two shotguns and a rifle valued at \$110 after smashing a window in his home Monday.

Malpractice Hearings Set At Cincinnati

CINCINNATI (AP)—Cincinnati has been selected as the Midwest site for the second of a series of national hearings on U.S. Department of Health, Education and Welfare.

Two sessions were scheduled here for Nov. 12 and 13 by the 21-member HEW Commission on Medical Malpractice. The first session will be held in Los Angeles.

Michael Byrnes, director of the commission's public affairs, said from his Washington office Monday, that witnesses will be allowed to testify about grievances for 10 minutes each.

He said the commission was created by HEW Secretary Elliot L. Richardson at the direction of President Nixon. Its purpose is to identify and evaluate the causes and consequences of malpractice claims through an intensive program of research and analysis.

Cincinnati was selected for easy access from the entire Middle West both east and west of Chicago, Byrnes said. HEW will conduct a newspaper advertising campaign through the mid and Middle West to advise citizens of the upcoming hearings, Byrnes said.

Wendell G. Freeland, a Pittsburgh attorney, is chairman of the commission which is made up of representatives of the legal profession, health care providers and institutions, the insurance industry and the general public.

Dayton TV Station Policy Said Wrong

WASHINGTON (AP) — The Federal Communications Commission said Monday it has notified the Avco Broadcasting Corp., licensee of Dayton, Ohio, station WLWD, that it does not agree with its judgment that views expressed by WLWD in favor of the 1970 United Public Appeal were not controversial issues.

The complaint by United People, also of Dayton, said the station afforded little opportunity for the presentation of contrasting views to the effect that people should give directly to their favorite charities and not to UA.

The complaints charged UA "does not allocate its funds in a proper relation to the most important needs of the community, that corporations do not give their fair share, and that the governing board of United Appeal is controlled by business leaders without representation of factory workers, poor people and youth."

Avco replied that it believed the views expressed in favor of the UA "did not involve controversial issues of public importance because the 'United Appeal' concept is now nationally recognized and accepted," an FCC statement said.

Noting United People had submitted information indicating community interest and local controversy over the campaign and had cited coverage by other stations, the FCC concluded "that Avco had not refuted the allegation by United People that the United Appeal campaign was a controversial issue."

The information, the FCC said, was given to the station "to assist you in determining your Fairness Doctrine obligations during this year's campaign." No fine or other penalties were involved.

Armco To Open New Coal Mine In West Virginia

MIDDLETOWN, Ohio (AP) — A new Armco Steel Corp. coal mine near Twilight in Boone County, W.Va., will be open within the next 2½ months, officials announced Monday.

W. B. Browning Jr., Armco vice president for raw material resources, said the new mine will employ 150 men and produce 500,000 tons of metallurgical quality coal yearly.

Browning said a 10,000 ton raw storage silo has been constructed to help maintain continuous mining operations when railcars aren't immediately available.

Armco currently produces about 2.2 million tons of high volatile coal from two mines in Raleigh and Boone counties, Browning said. The additional half-million tons from the new mine will be used by the firm to meet projected expansion of steel-making needs, he added.

Church Trip Proves Fatal To Marriage

DEAR ABBY: My wife and I were very much in love when we married 12 years ago. She was brought up in one religion and I in another, so in order to be "fair," we were married by a Justice of the Peace.

After our first baby came, she wanted it baptized (in her former faith) so I said, "Fine." Then she decided she wanted to attend her former church again. I said, "All right. Just don't start nagging me to go with you." She promised she wouldn't, and she didn't.

Another baby. Another baptism. Pretty soon she started getting a ride to church and back with the man across the street who had the same kind of mixed marriage we had. (His wife didn't attend any church.)

Are you ahead of my story? You guessed it. My wife and this neighbor announced that they are "in love" and want to be free to marry each other. If you can see the moral to this real-life soap opera, please put it in your column in capital letters!

STUPID DEAR STUPID: I see the moral. It's "Don't sell religion short. It isn't dead. It's only sleeping."

DEAR ABBY: Some years ago I used to stop at the bar in my office building every evening after work and have a couple of drinks with the fellows before coming home. The drinks were a dollar each.

About four years ago my wife made this proposition to me: She would buy the whiskey by the case, and SELL it to me by the drink for 85 cents if I came straight home.

This worked out fine, and she bought many nice things with the profit.

Now, starting September 1st, she has upped the price to \$1 a shot because of higher costs.

The problem. With the 90-day freeze announced by President Nixon, isn't she liable to a \$5,000 fine?

W.I.F. DEAR W.I.F.: No. She's not a licensed retailer. (P.S. If your wife demands a tip, too, she's not any cheaper than the bar, which could defeat her original scheme.)

DEAR ABBY: This is not a request for advice. It's a plea for understanding.

I am a widow of 63. The gentleman is a widower of 66. I've been widowed for three years. He lost his wife five years ago. We've known each other for many years and were friends when our mates were alive.

We love each other and want to marry, but here is our situation: The gentleman's income is a small Social Security check. Mine is both Social Security and Veterans Administration from my deceased husband. If we were to marry, I'd lose both pensions and we would have to live on the gentleman's small income, which would be practically impossible. So we are doing what some of the college kids are doing: We are "shacking up."

We both own homes, so I moved into his and am renting mine out for the income.

Of course, you know what happened. Our families have disowned us and our neighbors no longer speak to us. We are social outcasts.

Our financial ties to this small town preclude our moving away. Besides, we both have members of our families in the little cemetery on the hill, so we remain here.

Our only real sadness is our children's attitude. (One of my daughters in law threatened to leave my son if he ever visited "that whore".)

Why does a society that has become more understanding toward young folks who are in love, condemn two old people who want to end their days together in love and companionship?

OLD LOVERS CONFIDENTIAL TO MRS. J.T.G. IN RESTON, VA.: It's 9:30 late now. You should have told your host how you felt when he asked you to pay for your diner and drinks.

Pots, Pans Said Better Than Toys

CHICAGO (AP) — A Harvard University pediatrician says many educational toys may have harmful effects on children. He suggests they would be better off playing with pots and pans.

The pediatrician, Dr. Richard I. Feinbloom, says he has found no evidence to support claims by manufacturers that toys programmed to stimulate learning will do so.

"Toys that teach" may, in fact, have harmful effects, Feinbloom reported Sunday in a presentation to the annual meeting of the American Academy of Pediatrics.

In discussing educational toys and so-called crib environments "alleged to offer unique benefits" which accelerate the development of learning ability in infants and young children, Feinbloom warned of a growing trend called "programmed cognitive stimulation."

He showed slides of hexagonal-shaped cribs equipped with a variety of objects reputed to stimulate infants and noted that "pressured parents" may not have time to play with their offspring and welcome these substitutes. "Turning children over to the television set has paved the way," he said.

State Land Acquisition Guides Slated

COLUMBUS, Ohio (AP)—The Gilligan administration announced new guidelines Monday for state land acquisition.

Gov. John Gilligan accompanied the new guidelines with charges that taxpayer money was wasted on land purchases under the administration of former Gov. James Rhodes.

Gilligan said the Rhodes Administration purchased 212 acres at Geneva State Park in Ashland in 1970 for \$319,000 over the appraised value.

The governor also charged the state paid \$473,000 to businessman Theodore Case and real estate dealer Hart Morrison for another 12.4 acres of park land four days after they bought it for \$220,000.

The new land acquisition policy, announced by Gilligan and Natural Resources Director William Nye, included:

—Better training for state appraisers.

—Written and documented justification of the land purchase price.

—Advance notification to property owners of plans to acquire their property with a request to make no further improvements on the land.

—Scrapping "the previous practice of making a deliberate low offer and raising it as the

Views on Television

By CYNTHIA LOWERY
AP Television-Radio Writer

NEW YORK (AP) — There may be a remarkable lack of novelty in this season's television fare, but there certainly is plenty of effort to build audiences by patching shows together in off-beat ways.

The most popular method now is to start a story on one series and finish it on another. "Ironside" has worked on a murder that was cleaned up on "Sarge" which followed immediately.

"Adam 12" is up to the same trick in league with "The D.A." Tonight "Marcus Welby, M.D." will accept a case that will wind up in the offices of "Owen Marshall, Counselor-at-Law" Thursday evening.

Two-part-even three-part-programs proliferate. "The F.B.I." is in the middle of a two-parter, and lots more series have one or two on the fire.

This sort of cliff-hanging is supposed to get the viewer so interested in the plot on one series that he tunes in to the other to catch the denouement, thus becoming a regular viewer of the second series as well.

However TV executives forget that some viewers who get caught up with the problems of Dr. Welby's patient become annoyed when they must tune in

property owner have demanded."

again Thursday to get the full story. He bowls Thursday and she visits her mother. The result is that both viewers may take their business to another doctor show.

Television programmers, however, have become so clever about placing shows in network schedules that series stars themselves can't be sure whether their shows are hits or just rest periods.

CBS, for example, has a couple of new front runners in its Saturday night "Funny Face" and "The New Dick Van Dyke Show."

Is "Funny Face" really doing well, or is the audience just too lazy to switch channels after it has seen "All in the Family"? Do they love the new Van Dyke series or are they just getting set to watch the following "Mary Tyler Moore Show"?

These established shows are called "strong lead-ins" — "All in the Family"—and "lead-outs"—"Mary Tyler Moore". A program happily locked between two established hits occupies the enviable spot known as the "hammock position"—it can stretch out and relax as long as it has two strong shows for support.

The average American eats more than seven pounds of pickles a year.

Community Services Council Hears Of YMCA Activities

Members of the Pickaway Community Services Council met in the game room of the Pickaway County Family YMCA to hear Mr. Harold Hewitt, director, describe the role of the YMCA in Pickaway County.

The cooperation between the other organizations belonging to the Council and the YMCA is excellent and has been of great benefit to all and is much appreciated by Mr. Hewitt. He gave examples of how various organizations had helped his work and in turn what the Y did for people in the County.

A brochure at each place gave a brief history of the Pickaway County YMCA beginning with the opening of an office in the American Red Cross Chapter House in

February 1968 and its development through July 1971. Growth statistics were included showing a growth in membership from a beginning 354 members to 927 in 1970. Those enrolled in informal education classes were 375 in 1970 and 290 through June with new classes beginning October 25. A sheet with available courses, instructors, and times was also passed out.

Day Camp is one part of the Y programs, with 155 boys and girls attending this past summer. Camperships for youngsters to attend summer camp at Camp Alfred Wilson were also given to those needing them.

The Indian Guide Program which involves fathers and sons has been one of the most successful programs established. The tribes have increased to eleven with 150 fathers and sons enjoying meetings, campsouts, and special events such as the annual rocket shoot.

Gray Y is a program for boys in the fourth, fifth, and sixth grades which meets at some schools throughout the county. Junior Hi-Y Clubs are for boys in junior high school and Senior Hi-Y Clubs for boys in high school.

Members of the YMCA may choose from a variety of athletic programs including daily gym activities such as basketball, volleyball, exercise, jogging, weight lifting, ping pong. Special interest clubs are being formed for cycling, hiking, chess, checkers, ping pong and crafts.

Mrs. Charles Walker, president, conducted a brief business meeting. She announced the nominating committee to be as follows: Mrs. Montford Kirkwood, chairman, Mrs. Robert Porter and Mrs. Marcus Lackey. They will present a slate in December. Mrs. Walker then introduced Reverend David Allardice who spoke on behalf of the Pickaway-Ross Vocational School. The committee is urging every voter to be correctly informed on the subject and to go to the polls. A pamphlet entitled "New Horizon for the Future" describing the proposed Vocational school was passed out to those present.

Engineers Hear Talk On Light

A. D. MEARS

The Southern Ohio Chapter of the Ohio Society of Professional Engineers recently held its October dinner meeting at Pickaway Arms.

It was ladies night for the Chapter and was hosted by Walter Yamarick, President Donald Conley, Chillicothe conducted the business session. Guest speaker was A. D. Mears, supervisor of quality engineering at the Circleville GE Lamp Plant.

Mear's talk, entitled "Light for Living", included a slide presentation, which illustrated methods of lighting the home to add convenience and beauty, and also ways to make outdoor lighting appealing.

Those attending from the local area were Mr. and Mrs. Byron LeMay, Mr. and Mrs. Henry McCrady, Mr. and Mrs. Charles G. Smith, Mr. and Mrs. Walter Yamarick, Frank Baum, Glenn McCoy and Kenneth Smith. The November meeting will be held at Washington C.H.

State Solons Plan Quick Caucus On Taxes

COLUMBUS, Ohio (AP) — Some tough partisan infighting is expected today as legislators return to the Capitol for an abbreviated one-day work week — the 42nd week of the current legislative session.

The single floor session Tuesday was set to allow 30 state lawmakers to attend a Philadelphia meeting of the National Society of State Legislators on Wednesday and Thursday.

But before they leave, leaders of both political parties have planned a series of caucuses to assess sentiments of the rank-and-file on critical tax problems facing Ohio.

The readings that emerge from those party talks will have considerable influence on decisions to be made soon by a House-Senate conference committee charged with putting to

Springfield Bandit Flees With \$39,000

SPRINGFIELD, Ohio (AP) — A lone bandit, armed with a sawed-off shotgun, robbed a Springfield bank and escaped with over \$39,000 Monday.

The robbery was similar to one at the same Lagonda National Bank branch ten years ago when a gunman made off with \$34,666. A 17-year-old boy was eventually sentenced to an eight-year term in that case.

gether a biennial tax and budget package acceptable to a majority of members of the 109th General Assembly.

The conference committee has been searching for compromises since late September. General agreement has been reached on how much the state will be allowed to spend — \$8.1 billion over the next two years.

The problem remaining — one that is proving to be far more sensitive politically — is how to raise the money.

Two tax plans are now before the six-man committee. The first, a sales tax boost, coupled with a 3½ or 6½ per cent tax

on corporate profits, has already been approved by the Senate. The second is a graduated statewide tax on personal and corporate incomes. The income tax option is a scaled-down version of the plan adopted by the House in July and the March proposal of Gov. John Gilligan.

Neither tax alternative has generated great enthusiasm, but last week the income tax gave rise to the stiffest opposition.

Then organized labor credited with splitting Senate Democrats and forcing the upper chamber to abandon the income tax, retreated from its original position.

Labor's argument for months had been that a personal income tax was unacceptable until business in Ohio was taxed a greater share. A combined AFL-CIO and United Auto Workers Union effort forced

legislation into the General Assembly calling for taxes against industry alone that would have raised \$550 million every two years in new money for the state.

Labor's spokesman, AFL-CIO President Frank King, declined to give specific reasons for the sudden about-face.

The one-half to four per cent tax against personal income carries with it little property tax relief — another labor de-

mand — and a corporation tax that differs little from the one provided in the sales tax bill.

"Just say that I have a perfect understanding with the governor, with Senate Minority Leader Anthony Calabrese, with House Minority Leader A. G. Lancione, and with other legislators privately on what the position of the Ohio AFL-CIO is, and it is not one of throwing in the towel," the former state senator explained.

Water Pollution Change Approved

COLUMBUS, Ohio (AP) — The use of delegates and hearing officers to speed up a backlog of work was approved Monday by the Ohio Water Pollution Control Board.

Costs of the program were not discussed.

The board has fallen behind in its hearings of applicants for stream pollution this year and recently noted it had more than 1,300 applicants pending.

The backlog was attributed to new board procedures in which it gives more detailed hearings to all applicants regardless of size.

Miss Michele T. Whaley Bride Of D. Stephen Ash

AIRMAN AND MRS. D. STEPHEN ASH

Miss Michele Theresa Whaley, daughter of Mr. and Mrs. L. Ed Whaley, St. Petersburg Beach, Fla., former Circleville residents, and Airman I.C. D. Stephen Ash, son of Mr. and Mrs. Delbert Ash, Tarlton exchanged wedding vows Saturday, Oct. 16th.

Father John Cody officiated the double ring ceremony 11:30 a.m. in St. Joseph Catholic Church. The altar was adorned with large baskets of white gladioli entwined with yellow and green carnations. Pews were marked with white satin bows holding fern and lilies-of-the-valley.

Miss Mary Ellen Bunch of Chillicothe, a cousin of the bride, presented a program of organ music preceding the ceremony.

The bride was given in marriage by her father. She was in a floor length gown of white taffeta with a softly gathered overskirt of alencon lace. The high rise ruffled neckline was of matching lace that also formed long sleeves ending with ruffles. Satin encircled the empire waistline accented with a Dior bow. Her cathedral veil of nylon tulle was attached to a forward cap of nylon lace petals edged with pearls. The train was softly gathered at the shoulders, extended into chapel length and bordered with matching scalloped lace. The bride carried a cascade bouquet of yellow sweetheart roses with daisy pompons and baby's breath. Her only jewelry was a diamond heart shaped locket, a gift from the groom.

Miss Joyce Whaley, sister of the bride, served as maid of honor. She was attired in a floor length gown of yellow chiffon fashioned in a sheath silhouette. The molded bodice featured an oval neckline and was accented with embroidery at the empire waistline. She carried a colonial bouquet of yellow daisy pompons and baby's breath. Her headpiece was a matching yellow triple bow combining sheer nylon and acetate satin with a brief nylon tulle veil. Miss Debbie Hardman was bridesmaid dressed identically to the honor attendant in mint green taffeta and carried a bouquet of mint green daisy pompons and baby's breath.

Miss Lou Anne Whaley, sister

of the bride, was flower girl. She was dressed as the attendants in pink and carried a white basket of pink daisies. She wore a silver charm bracelet, a gift of the bride. Master Mike Ash, brother of the bridegroom, was ring bearer.

Mr. David Pennington performed the duties of best man. Ushers were Mr. Mickey Stump and Mr. Richard Riffle. Mr. Tom Ash, brother of the groom served as junior usher.

Mrs. Whaley selected for her daughter's wedding a dress with an off-white bodice with long chiffon sleeves and a royal blue crushed velvet skirt topped with a royal blue satin Dior bow and blue accessories.

Mrs. Ash was attired in a two piece suit of navy blue and white with black accessories. Corsages for both mothers were of yellow sweetheart roses.

A reception in the banquet room of the L-K Restaurant followed the ceremony. The refreshment table held a three tiered wedding cake centered with bride and groom figurines. Mint green, yellow and pink daisies and carnations with fern encircled the punch bowl and cake.

Hostesses were Miss Barbara Bunch, Mrs. Theresa Bunch and Miss Joanie Neal, all cousins of the bride from Chillicothe. Presiding at the guest book was Miss Penny Sowers, a cousin of the bride, from Circleville.

For her going-away costume the bride wore a royal blue velvet pants suit with a corsage of yellow sweetheart roses and daisies. The couple will reside at San Vit Dei Normanni Air Station in Brindisi, Italy, where Airman Ash will be stationed in November.

The new Mrs. Ash is a graduate of Logan Elm High School and was employed by the Circleville General Electric Lamp Plant. Airman Ash graduated from Logan Elm High School and is serving in the United States Air Force.

Out-of-town guests at the wedding were from Lancaster, Chillicothe, Dayton, Tarlton,

Youth Nabbed In Wild Chase After Fleeing Courtroom

RAVENNA, Ohio (AP)—A 19-year-old Twinsburg youth who said he couldn't stand the thought of a three-day jail sentence is in the Portage County Jail today facing the prospect of a long sentence.

Police said Erwin Hawkins bolted from the county courtroom Monday after being sentenced to three days in jail on a petty larceny charge, jumped in his car and led police on a chase at speeds up to 105 miles per hour through Portage and

Summit counties before he surrendered. Hawkins, who allegedly broke two roadblocks, tried to run down a policeman and ignored numerous shots at him, was charged with assault with a deadly weapon, eluding police officers, driving the wrong way on an interstate and reckless operation.

Police said Hawkins continued to flee police even after a rear tire was blown out by a shotgun blast. They said he didn't stop until a police car pulled up beside him in Mace-

donia in Summit County and a shotgun was shoved through his window at his face.

Four police departments took part in the chase.

Police said a roadblock was set up on Interstate 480, but Hawkins tried to run down a Twinsburg policeman and drove around the roadblock, ignoring a shotgun blast by the policeman.

They said Hawkins went across the I-480 median strip and drove the wrong way on the freeway until he exited at

an entrance ramp near Twinsburg.

Police said a second roadblock was set up on Ohio 82 and Hawkins stopped only to take off again when police approached the car. They said a shotgun blast by police blew out the back window of the car and several pistol shots were also taken at the car.

Police cars in the roadblock immediately gave chase and another shotgun blast hit the rear tire a short distance later, police said.

Tito In India For Peace Appeal

NEW DELHI (AP)—President Tito of Yugoslavia appealed Sunday night for peace between India and Pakistan, proposing more aid for the East Pakistani refugees and a political settlement in their province.

Both India and Pakistan have acknowledged building up their military strength along their borders in the past week. Authoritative sources said the situation had become so grave that Prime Minister Indira Gandhi might postpone a three-week trip abroad due to begin next Sunday.

"Persistence of deterioration of the present situation could jeopardize peace and stability in the entire subcontinent and even beyond," the visiting Yugoslav leader said at a banquet given by President V. V. Giri.

WEDNESDAY'S HOROSCOPE

GENERAL TENDENCIES: The morning finds you able to charm others and please them by doing little kindnesses, showing thoughtfulness and giving a present where it is convenient. But you must use a considerable amount of tact and diplomacy, especially in the p.m. Refrain from arguments; be calm. Keep your cool.

ARIES (Mar. 21 to Apr. 19) Doing something thoughtful for mate in a.m. is wise, but take care that later you do not get into arguments with others. Your intuition is not so good, so do not follow it. Avoid trouble of all sorts.

TAURUS (Apr. 20 to May 20) If you explain your ideas to an associate kindly, you find you get good results. Any contracts you have made should not be changed now. Think along logical lines.

GEMINI (May 21 to June 21) Morning is fine for improving surroundings, but use tact later in the day when there are bound to be little annoyances popping up. Don't overwork and spoil your health. Relax in p.m.

MOON CHILDREN (June 22 to July 21) Show your devotion to mate in a.m., but do not argue with good friends later in the day. Do not let others talk you into spending more money for fun than fits your budget. Show that you have wisdom.

LEO (July 22 to Aug. 21) Make sure that plumbing is working well at home and use tact with kin or there could be big arguments later in the day. Get rid of the cause of trouble at home. Do so quietly. Relax tonight.

VIRGO (Aug. 22 to Sept. 22) You're full of pep in a.m. and can get much done, but you are under some sort of tension later, so control yourself. Keep busy at work and forget friends for the time being. Tomorrow is a better day for that.

LIBRA (Sept. 23 to Oct. 22) You can do something about adding to your present security even though you feel you are bogged down with bills. Plan to cut down on unnecessary expenses.

SCORPIO (Oct. 23 to Nov. 21) If you show mate your affection in the morning, you find you can later get right down to work with enthusiasm. Some personal ideas you have are fine, but not to be pursued now. Stick to practical matters for the time being.

SAGITTARIUS (Nov. 22 to Dec. 21) Don't go blabbing your plans to kin or others since they are in the mood either to criticize or grab. But do not be afraid to help those who are in distress. Show you are a good Samaritan.

CAPRICORN (Dec. 22 to Jan. 19)

WASHINGTON TOWNSHIP PTO

After the Open House classroom visitations, the October meeting of the Washington Township School Parent-Teacher Organization was opened with devotions conducted by the Rev. David VanHoose.

Mr. Jerry Leist was introduced and he presented a very informative slide program explaining the purpose, cost and location for the proposed Parkway-Ross Joint Vocational School. He urged everyone to back the issue at the election on November 2nd.

The School Principal, Mr. Clark Davis, reported on the very successful Magazine Sale conducted in September and announced Mrs. Posey's room as the winners in the sales contest with a per pupil total of \$27. The proceeds for the sale will be placed in the Activity Fund, to be used to purchase

needed equipment for the school.

The Ways & Means Committee reported on their plans to conduct a cash raffle and bake sale at the December meeting, providing this met with the Organization's approval. It was moved that they go ahead with this project. Due to many new members joining at this meeting, the Membership Committee's report on total membership and room standings will be announced next month. It was voted to again provide baby-sitting services during PTO meetings and Mrs. Charles Holland was appointed to make the necessary arrangements. After some discussion, it was also decided to continue serving refreshments at the meetings, with the beverage to be provided by the PTO.

The attendance banner was won by Room 1-B. Refreshments were served by the Second Grade Room Mothers.

Significant Boost In Teen Smoking Noted By Agency

WASHINGTON (AP) — The government reports a significant increase in teen-age cigarette smokers at a time when the number of adults with the habit decreased sharply.

Compiling the latest figures, it estimates the number of smokers between 12 and 18 years of age at four million in January, 1970, up one million in two years when the population increase for the group was less than a million.

The report makes no effort to explain the increase but analyzes the characteristics of teen-agers who have and have not become regular smokers and says:

"While there are many factors in the environment of a child that influence his taking up, or not taking up the smoking habit, the one that has by far the most influence is the smoking behavior of those around him."

The lowest level of smoking is found among teen-agers who live in households where both parents are present and neither smokes, and who have older brothers and sisters, none of whom smoke, the report says. In such a situation, it says, 4.2 per cent have become regular smokers.

In families with at least one parent and one older brother or sister who smoke, 24.9 per cent of the teen-agers also smoke.

The report was prepared by the National Clearinghouse for Smoking and Health, a branch of the Health, Education and Welfare Department. It is based on surveys made in January 1968 and January 1970.

It estimates that in 1970, 18.5 per cent of boys 12-18 were regular smokers, up from 14.7 per cent in 1968. For girls, the figure is 11.9 per cent in 1970 and 8.4 per cent in 1968.

The Clearinghouse figures for the adult population show 42 per cent of the men smoked in 1970, compared to 51.9 per cent in 1966; and 31 per cent of the women, compared to 33.7 per cent in 1966.

The increase in teen-age smoking occurred for both boys and girls, in every age group and in all areas.

"While there are still relatively few smokers among the youngest teen-agers, the rate of smoking has more than doubled," the report says.

State Tax . . .

(Continued from Page 1)

Kerns, R-16 Richwood, was to resume closed door sessions as 30 legislators from both houses planned a two-day trip to Philadelphia.

House Minority Leader A. G. Lancione, D-30 Bellaire, has predicted a vote "on some type of tax bill" next week. He is working for a modified personal income tax measure.

Also before the committee is the 1.5-cent boost in the sales tax that passed the House Sept.

Bond Firms Are Barred By Judges

CINCINNATI (AP) — Declaring they were provoked with professional bonding companies, the judges of the Hamilton County Municipal Court barred bondsmen owing bond forfeitures from doing more business with the court and cut bond rates on misdemeanors to enable prisoners to get out of jail.

In a statement, the seven judges said the bonding companies had provoked the measure by failure to pay delinquent bond forfeitures amounting to thousands of dollars.

Judge Paul Gilday, who proposed the measure, said a reduction of bonds would enable most persons accused of crime to get out of jail without going to bondsmen.

"At this rate, if we kept the old bond schedule, no one would be able to get out of jail," Judge Gilday said.

He predicted the action of the jurists would probably put some bonding companies out of business. Some owed the courts up to \$30,000 dating back to January, he added.

Bond rates for serious crimes like armed robbery, manslaughter and rape will continue to be set in open court hearings. Misdemeanor bonds may be posted with the Hamilton County Clerk of Court on a prescribed schedule.

Bond rate for misdemeanors like discharging firearms were reduced from \$50 to \$10; failure to provide support \$1,000 to \$25 and driving without a license, \$300 to \$5.

The rates were slightly higher for persons living outside Hamilton County.

Special Locks Reduce Thefts

CAMBRIDGE, Mass. (AP) — Locks which open only when five buttons are pushed in proper sequence have drastically reduced thefts in three Harvard University dormitories, a university spokesman says.

Dormitory residents have been asked not to tell nonresidents the combinations for the locks installed exterior doors.

If a dormitory resident forgets his combination, he must be recognized by somebody inside before he'll be let in.

Senior advisor Richard C. Lozeau said Monday that Harvard is considering putting such locks on other dorms.

'Dollar Disease' Mostly Illusion

By DICK BARNES
Associated Press Writer

MADRID (AP) — There's no reason for today's American traveler in Europe to fear catching the dollar disease that struck tourists two months ago when President Nixon unveiled his new economic policies.

A three-week, five-country tour found no evidence to justify fears of "worthless" dollars or exorbitant exchange rates that gripped some traveling Americans after Nixon's decision to float the dollar.

True, the dollar is worth less now than it was before Nixon's announcement. But it's not worth so much less that it would make any drastic difference in vacationing spending plans.

A few simple precautions insure against needlessly wasting dollars in currency exchanges.

Foremost, make principal money exchanges at commercial or American Express banks. Comparisons in London, Paris, Vienna, Rome and Madrid showed the best exchange rates for dollars were invariably at banks rather than at specialized money-changing bureaus or hotels.

In Paris, for example, the Banque National de Paris gave 5.27 francs for each dollar, while an exchange office at the north railway station gave only 5.00, a difference of about 5 per cent.

When shopping for items of much value, inquire about the store's exchange rate before deciding whether to pay in local currency or with U.S. dollar traveler's checks.

At a Scotch textiles shop in London, for example, we paid in British pounds because the store's exchange rate of one pound per \$2.53 was less favorable than the bank's \$2.47½. But we used dollar traveler's checks at a men's shop because its rate of \$2.40 was better than the bank.

Restaurants in general offered unfavorable rates, though at fashionable Maxim's in

Rabbi Kahane Is Deported

MONTREAL (AP) — Rabbi Meir Kahane, leader of the militant Jewish Defense League in the United States, was deported from Canada today. He and six other persons had come here to protest the treatment of Jews in the Soviet Union during the visit of Premier Alexei N. Kosygin.

Rabbi Kahane and his group were detained Monday night after landing at Montreal's airport.

An official of the Canadian immigration department said Kahane left aboard an Air Canada flight for New York at 7 a.m. The others remained in Canadian custody and were due to depart for the United States later in the day, the official said.

Use The Classifieds

Paris, the exchange rate for traveler's checks was within 1 per cent of the best bank rates.

Even at the most extreme, however, the difference in exchange rates usually was not more than 5 or 6 per cent in Europe, so the tourist should not envision some wide-open black market where his travel money may be halved in value if he deals at the wrong place.

Try to avoid changing more money than you'll spend in any one country. Each time you convert from one currency to another, you pay a commission which decreases your purchasing power.

The place where you may get the worst deal in foreign currency is in the United States. One British pound bought in Washington, for example, cost \$2.60, well above even the least favorable rate in London.

Meet The Tigers

Dick Williams Named Manager Of Year In AL

RIVIERA BEACH, Fla. (AP) — Dick Williams wasn't exactly the Boston Strangler, but he used everything short of the guillotine to goad the Red Sox into winning the 1967 pennant.

"I had to be tough," Williams said. "My job was to break up Boston's baseball country club. You don't do that by being nice."

Two years later, Williams himself died by the sword. The Red Sox fired him before the American League championship flag had time to fade atop the Fenway Park flagpole.

Boston finished fourth in 1968 and third in 1969.

"Montreal hired me as a coach," he said, "but I was waiting and hoping for another shot as a big league manager. When Oakland took me, I worried that my Boston reputation might proceed me to the A's training camp."

It didn't. Dick and the Oakland hit it off splendidly.

The A's hustled to a 101-61 record to run away with the AL's Western Division crown. For that performance, Williams was named Monday American League manager of the year in an Associated Press poll.

"I knew the voting went in before the playoffs," Williams said at his home here, "so I thought I had a chance. I won the honor at Boston in 1967. I'm quite pleased."

Oakland was routed by Baltimore in the playoffs, but Orioles skipper Earl Weaver ran a distant third in the balloting. Despite many successes, Weaver has never won the award.

Williams polled 107 votes, Kansas City's Bob Lemon was the runnerup with 66 and Weaver received only 59.

"I know Earl has to be upset," said the 1971 honoree. "He deserves recognition with three pennants and two World Series victories. I feel sorry for him, but happy for myself."

Weaver learned of the honor for Williams as he packed following the Orioles' loss to Pittsburgh in the seventh game of the World Series.

"Dick Williams did a tremendous job," said Weaver. "He deserves it."

Despite stout performances by Vida Blue and Jim "Catfish" Hunter, Williams said he hopes to improve A's pitching next season in a bid for loftier accomplishments.

Bears Coach Sticks With Douglass

CHICAGO (AP) — Coach Jim Dooley of the Chicago Bears hasn't told his wife yet, but he's moving in with quarterback Bobby Douglass.

"He's my last quarterback and he's going to do the job," said Dooley Monday night. "I guarantee it. In fact, I'm forsaking my family and I'm moving in with him Thursday night."

"We're going to eat, live and sleep football. We'll have films and meetings with Kent Nix and Coach Perry Moss," added Dooley. "I want him to think like I think."

Dooley must go with Douglass because Nix suffered a wrist injury in Sunday's game at Detroit. Jack Concannon, who started the season as the No. 1 quarterback, recently underwent knee surgery and is out for the season.

"My wife?" said Dooley. "I haven't told her about it yet, but she'll understand. The Bears come first with her, too."

"This is the first week we've been out of first place and we intend to make a race of it. Douglass is going to be ready."

"In two years he's been in seven games and has averaged 23 points, with me calling the plays. I'll call the plays, but he has to be prepared for everything else."

Tigers Move Up To 6th In Class AA Poll

Circleville's Tigers moved into sixth place in this week's Associated Press Class AA state high school grid ratings. The Tigers garnered 69 points and trail Ironton who is in fifth spot with 96 points.

Warren Harding, Steubenville Catholic and Marion Pleasant kept their division leads today in The Associated Press state high school ratings.

Warren Harding, off to a 6-0-0 start and shooting for its first undefeated, united campaign in history, collected 233 points to lead runnerup Cincinnati Moeller with 201 points, in Class AAA.

Steubenville Catholic, 6-0-0, retained first spot in AA. Warren Kennedy, also 6-0-0, moved into second place with 173 points to 165 for Napoleon, No. 2 a week ago.

In Class A, 6-0-0 Marion

Pleasant earned 201 points, 12 ahead of No. 2 Portsmouth Notre Dame, the small school champion in 1970.

There were few changes this week in the voting by a statewide panel of sports writers and broadcasters.

Only two new faces cropped up in the top tens, one each in Class AAA and AA.

Elyria, which knocked off previously unbeaten Fremont Ross, moved from 12th to eighth in Class AAA.

Youngstown North, riding a 6-0-0 record, replaced Carrollton in the middle class. North jumped from 11th to tenth while Carrollton, beaten 28-20 by No. 4 Minerva, fell from ninth to 12th in Class AA.

Lima Senior, a 34-20 upset victim of Hamilton Garfield, dropped from sixth to 13th in

Class AAA. That enabled Akron Garfield, Canton McKinley, Elyria, Fremont Ross and Columbus Eastmoor, to leap into No. 6.

Niles, playing a 6-6 tie with Canton McKinley, slipped a notch to third in Class AAA this week, followed by Massillon,

Troy, Akron Garfield, Canton McKinley, Elyria, Fremont Ross and Columbus Eastmoor. Fourth in Class AA was Minerva with Ironton, Circleville, Cleveland Holy Name, New Lexington, Gallipolis and Youngstown North following in order.

In Class A, it was Newark Catholic vaulting from sixth to third, followed by Cory Rawson, Lorain Catholic, West Jefferson, Tuscarawas Catholic, Zanesville Rosecrans and Ada tied for eighth and Norwalk St. Paul.

Ken Dyer Makes Progress From Paralyzing Injury

By MIKE O'BRIEN

GREEN BAY (AP) — Adjustment from athlete to invalid has not been easy for Ken Dyer, who little more than two weeks ago was a starting safety for the Cincinnati Bengals of the National Football League.

Dyer's physical activity is restricted today to painstakingly meticulous movements of his fingers, arms and legs, with the assistance of therapists in Room 212B at St. Mary's Hospital.

Dyer, 25, was partially paralyzed Oct. 3 in a collision in which he tried to tackle the Green Bay Packers' John Brockington. It was diagnosed as a contusion of the spinal cord at the neck.

Recovery progress has been steady, if not swift. He and his family seem confident of nearly or completely full recovery.

"I know myself I'm improving day by day, and everybody thinks I'll be back to normal," Dyer said Monday. "They haven't told me, but I figure three or four months."

Dyer is cheered by an estimated 1,000 pieces of mail and assorted drawings and gifts from area grade school children.

He was in remarkably good spirits despite lying on his back on a bed slab attached to a circular frame. The device, a Stryker Bed, allows the bed to

be raised, lowered or rested at various angles.

"They have the bed on an angle now to keep his head raised. If he were completely horizontal all the time and not used to different positions, he might pass out when they let him sit up," said his pretty wife, Pam Sue, who has set up living quarters in her husband's double room.

Dyer's sister, Pam Kay, 19, also was optimistic.

"When I got here four days ago, Ken would raise his left arm and his wrist would go limp," she said. "Today he was able to raise the arm and make a fist."

"They say I'll be leaving here in two weeks for another hospital, but I don't know where," Dyer said.

"My legs are a lot stronger now. I'm beginning to move my arms slightly and my grip is a lot stronger."

"I can move my wrists up and down and my arm into a flexed position. Two weeks ago, I could make a fist, and that was it," he said.

The collision with Brockington, he said, "was a freak thing."

"I hit him square in the mid-section, and the next thing I was flat on my back. I felt no pain at all and knew what was going on the whole time," he related.

"I guess I was more shocked

than anything else," he said. "I tried to get up and raise my head to find out where I was."

"It felt weird, like the head was at a different angle. This probably never happened before in football and probably never will again."

NFL Grand Jury Hears Milt Woodard

CLEVELAND, Ohio (AP) —

Former American Football League president Milt Woodard testified Monday before a federal grand jury probing the National Football League for possible antitrust violations and predicted afterwards that NFL Commissioner Pete Rozelle eventually will be called.

"That should be good," said Woodward. "He may take two full days in there."

The jury, which also heard testimony Monday from San Diego Chargers' Coach Sid Gilman as it continued a probe that began last November. The jury meets again today.

Murtaugh Ponders Decision To Return

PITTSBURGH (AP) — Dan-

ny Murtaugh, manager of the World Champion Pittsburgh Pirates, says only the question of health will affect a decision as to whether or not he'll return as manager next year.

Murtaugh, looking pale and tired after Sunday's final game, said his decision will be made in the "next month or so," and that it will be made with his family's help.

POINT OF NO RETURN — Umpire Ron Luciano of the American League gives it his all when he makes a call and you know he's always right.

Royals Aim For League Championship

CINCINNATI (AP) — Confident they don't have to catch teams on off-nights to win, the Cincinnati Royals are shooting for their first National Basketball League playoff spot in five years.

"I think we are going to control our own destiny," said Bob Cousy, who has been expressing the most optimism about the team since becoming coach before the 1969-70 season.

"We won't have to rely on teams letting down. We think on a given night, we can beat teams when they are playing well."

That wasn't the case last year when the Royals slumped to a 33-49 mark and finished third in the NBA's Central Division behind Baltimore and Atlanta. The Royals started the season by dropping their first five games.

But this year, the Royals enjoyed one of their best exhibition sessions, posting an 8-2 mark, and opened the regular season on the same note with an impressive victory over the Atlanta Hawks.

"I think we are capable of possibly beating out either Baltimore or Atlanta this year," Cousy continued, saying the keys are Cincinnati's outstanding draft this year and the attitude players have exhibited.

"We have a very college approach to games and practice. We have unity, the corny things necessary to get things done."

Tony Perez Now American Citizen

CINCINNATI (AP) — Atanasio Perez and his wife became American citizens with 61 other persons Monday in U.S. District Court here.

Atanasio Perez Ribal is also Tony Perez, third baseman for the Cincinnati Reds.

Chiefs Smear Steelers; Win 38-16

KANSAS CITY (AP) — Sore-armed Len Dawson zeroed in on Otis Taylor in a spectacular aerial display and the Kansas City Chiefs erased a 9-0 deficit with four second-quarter touchdowns for a 38-16 victory over the Pittsburgh Steelers Monday night in a nationally televised American Football Conference game.

Dawson hurled payoff strikes of five and 27 yards to the rangy Taylor and five yards to rookie Elmo Wright. Ed Podolak scored the fourth touchdown on a one-yard run and Emmitt Thomas added a TD in the last moments on a 32-yard pass interception run.

After the big second-quarter flurry, the Chiefs never were able to do much against the young Steelers, except for an 11-yard field goal on the first play of the final quarter by Jan Stenerud, who converted after all five touchdowns and Thomas' theft.

Pittsburgh jumped ahead in the opening quarter on field goals of 32, 40 and 35 yards by Roy Gerela. The Steelers didn't score again until the fourth quarter, when John Fuqua bolted over from the one-yard line, ending a 17-yard drive that took five plays.

Dawson and Taylor were the main attractions in this struggle before a rain-dampened crowd of 49,533, but it was the vaunted Kansas City defense which provided the momentum for the Chiefs' triumph, which put them in a first-place tie with the Oakland Raiders in the AFC West. The defense set up two touchdowns in addition to the one scored by Thomas.

Sooners Gain On Nebraska In Poll

By THE ASSOCIATED PRESS
There was no change among the first five teams in this week's Associated Press college football poll, but the explosive Oklahoma Sooners made a

huge run at Nebraska's defending national champions. The Cornhuskers received 35 first-place votes and 1,045 points—down five votes and 10 points from last week—from a

panel of 55 sports writers and broadcasters across the country following their sixth consecutive triumph, a 55-0 sandbagging of Kansas.

Oklahoma, which received eight top votes and 888 points a week ago, pasted Colorado 45-17 and was rewarded with 18 first-place ballots and 1,008 points. Michigan remained in third place with one No. 1 vote and 837 points by trouncing Illinois 35-6 but the Wolverines' point total fell from 880. Fourth-ranked Alabama whipped Tennessee 32-15 and went from 668 points to 765. Auburn, rated fifth, turned back stubborn Georgia Tech 31-14 but lost ground from 620 points to 585.

Colorado's loss to Oklahoma dropped the Buffaloes from sixth to 11th and Notre Dame, which beat North Carolina 16-0 for its second consecutive shut-out, climbed from seventh to sixth. Penn State's impressive 31-0 jolting of Syracuse lifted the Nittany Lions from ninth to seventh while Georgia, a 24-0 winner over Vanderbilt, stayed in eighth place.

Texas, a 31-7 loser to Arkansas, also dropped out of the Top Ten, with the Razorbacks and Stanford, which beat Southern California 33-18, moving back in.

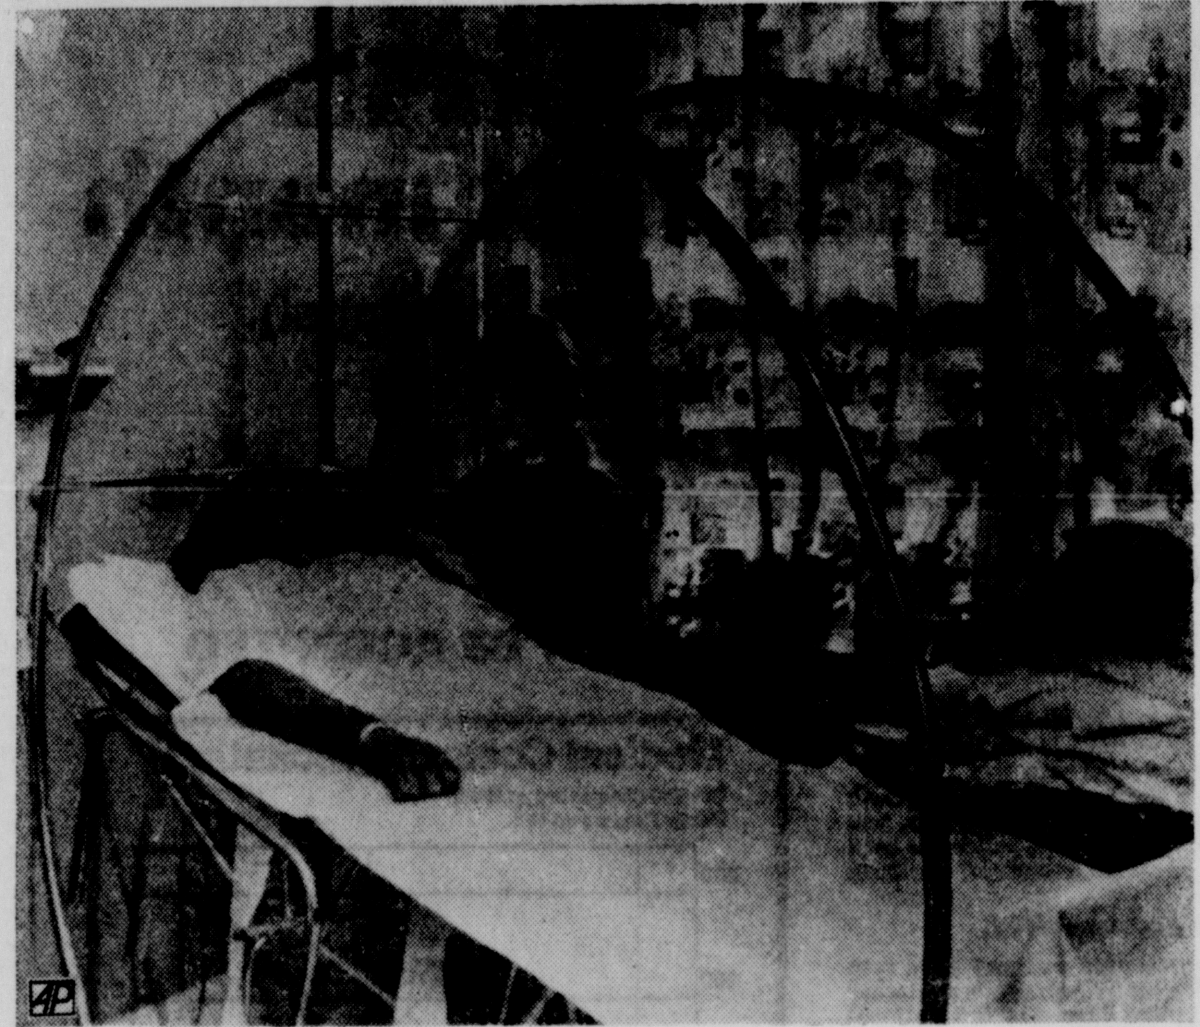

Behind No. 11 Colorado in the Second Ten came Ohio State, Louisiana State, a 14th-place tie between Arizona State and Toledo, Texas, Purdue, Tennessee, Duke and Air Force.

Last week's Second Ten consisted, in order, of Arizona State, LSU, Ohio State, Tennessee, Stanford, Arkansas, Toledo, Washington, Florida State and Purdue.

Washington's 23-21 loss to Oregon and Florida State's 17-15 upset by Florida cost the losers their positions among the Top Twenty. Duke and Air Force took over.

The Top Twenty teams, with first-place votes in parentheses, season records and total points. Points tabulated on a basis of 20-18-16-14-12-10 etc.

Henderson Trial Goes Into Recess

FT. MEADE, Md. (AP) — The My Lai court-martial of Col. Oran K. Henderson, already in its third month, goes into a two-week recess today after the jurors finish reading testimony that the officer gave at a pretrial hearing.

The judge, Col. Peter S. Wondolowski, also was to rule on whether the prosecution is entitled to hear a tape recording of the defense plans to introduce in its trial phase, beginning Nov. 8.

Henderson, brigade commander of the troops that swept through My Lai 3½ years ago, is charged with covering up the killing of old men, women and children in the South Vietnamese hamlet. The prosecution called its last witness Monday.

Maj. Carroll J. Tichenor, 32, the prosecutor, delayed formally resting of his case until the seven jurors finished reading the transcripts of Henderson's pretrial testimony, abridged by the judge.

Because of a military judges' conference in Atlanta next week, the court was to be in recess until Nov. 4, when the defense will present legal arguments for dismissal of the charges against Henderson.

Trial Begins In 5 Slayings

REDWOOD CITY, Calif. (AP) — The prosecution says it will seek the death penalty for John Linley Frazier as jury selection begins in the execution-style slayings of three adults and two children a year ago.

"If you find Mr. Frazier guilty of first-degree murder and if you find him sane, it is our intention during the penalty trial to ask you to return a death verdict," Santa Cruz County Dist. Atty. Peter Chang told prospective jurors in the trial's opening day Monday.

Frazier, a 25-year-old former mechanic, is accused of murdering wealthy eye surgeon Victor Ohta, 45; his wife Virginia, 43; their sons, Derrick, 12, and Taggart, 11, and the doctor's secretary, Dorothy Cadwallade, 38.

Frazier has pleaded innocent and innocent by reason of insanity. The victims bodies were found in a swimming pool beside the burning \$250,000 Ohta mansion.

Jobless Data On Cities Ended

WASHINGTON (AP) — The Labor Department reported Monday a slight rise in unemployment for the nation's poorest city neighborhoods and said the reports are being discontinued until "probably sometime in 1973."

The report by the Bureau of Labor Statistics said the jobless rate for the poverty neighborhoods in the 100 largest cities edged up from 10.1 per cent to 10.4 per cent in the third quarter of 1971 compared with the second quarter of the year.

Buckeyes Lay Plans To Stop Wisconsin's 'Road Runner'

By GEORGE STRODE
Associated Press Sports Writer
COLUMBUS, Ohio (AP) — "To stop Wisconsin, you've got to make the Road Runner go East and West on a North and South football field."

Ohio State scout Esco Sarkkinen talked in glowing terms of Wisconsin's ace, Rufus (Road Runner) Ferguson, the No. 1 target of the defending Big Ten champions in their battle here Saturday.

Ferguson, a 190-pound junior who stands only 5-foot-6, has piled up 10 touchdowns and 640 rushing yards for the badgers, 2-1 in the Big Ten and 3-2-1 overall.

"This may be operation kneecap for us this week," said Sarkkinen, who watched the Badgers outscore Michigan State 31-28 Saturday.

"Ferguson, when he lowers his head, is very likely to hit you in your kneecap," said the Buckeye scout. "It takes a different style of tackling to stop him."

Sarkkinen also shows a great deal of respect for Wisconsin quarterback Neil Graff.

Graf, a 198-pound junior has clicked for 63 completions in 121 attempts, 811 yards and four touchdowns. Wisconsin hasn't won here since 1918.

Ohio State Coach Woody Hayes, however, is wary.

"They're the best we've played so far," said Hayes. "But we should be at our best, too."

Hayes said he liked the way his 21st Ohio State squad had new faces step in and do the job for graduated or injured regulars.

"This club is picking up the challenge as well as anyone I've ever had," said the dean of Big Ten coaches.

The Ohio State boss expects Don Lamka, who played limitedly in the victory at Indiana last week, to start against Wisconsin. Lamka has been bothered by separations in both shoulders.

During the night temperatures dropped to the 40s in northern and eastern Ohio. Zanesville reported one of the lowest readings at 42 degrees.

Lows tonight will be mostly in the 50s amid increasing cloudiness.

\$600.00-A-MONTH TAX-FREE CASH

WHEN YOU GO TO THE HOSPITAL

-Only 25¢ covers your entire family for the first month

- ★ Pays you cash at the rate of \$600.00 a month for each hospital stay... even for life, if necessary.
- ★ Pays in addition to any other companies' coverage you have—including Medicare.

- ★ Pays all cash direct to you (not to doctor or hospital).
- ★ Guaranteed Renewable for Life. National Home guarantees never to cancel your protection no matter how old you become or how many claims you have.

No salesman will call—No medical examination required—No age limit

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT, THURS., OCT. 21, OR IT CANNOT BE ACCEPTED

ONE out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family—tomorrow...next week...next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have doubled in just a few short years.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in our National Home plan that...

Pays you \$600.00-a-month tax-free cash when you are hospitalized.

What a blessing it is when you know you have \$600.00 cash coming in every month when you go to the hospital. You get your \$600.00-a-month cash—tax-free—as long as you are confined in the hospital. You are covered from the very first day for accidents and from the sixth day for sickness—even for life, if necessary! Most everyone has some insurance or savings to take care of a one to five-day hospital stay. Since we provide lifetime benefits, this "deductible" feature enables us to give you broad coverage at a lower cost than would otherwise be possible.

Now, this low-cost plan from National Home enables you to enjoy this protection at once. Your introductory rate is just 25¢ for the first month's coverage for your entire family. Then, you may continue at National Home's regular low rates.

The added protection you NEED!

All benefits of this \$600.00-a-month plan are paid directly to you, in tax-free cash, in addition to whatever you may receive from your insurance with any other company! Use the money as you see fit—for hospital or doctor bills, mortgage or rent payments, to replace savings—or any necessary, but costly, expenses not covered by other hospital policies.

Everything costs more these days (need we tell you?) and hospital care is certainly no exception! While 7 out of 8 Americans have some hospital insurance, most have found it does not cover all bills that pile up when sickness or accident strikes. That's why National Home developed this low-cost plan that helps you pay hospital costs or other expenses.

We can never cancel your policy!

You can count on this wonderful protection no matter how old you become or how many times you collect from us. Your policy guarantees that we can never cancel your protection for any reason whatsoever. It is Guaranteed Renewable for Life! In addition, your rates can never be changed unless there is a general rate adjustment on all policies of this type in your entire state.

PAYS \$600.00-A-MONTH CASH for each accident or illness. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the sixth day in the hospital.

PAYS \$300.00-A-MONTH CASH for the first three months, when you're 65 or over. And a full \$600.00-A-MONTH CASH thereafter—even for life. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the sixth day in the hospital. And the benefits continue for as long as necessary.

PAYS \$360.00-A-MONTH CASH if a covered child is hospitalized for injury or illness. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the sixth day in the hospital. And the benefits continue for as long as necessary.

PAYS \$2,400.00-A-MONTH CASH when both husband and wife (under age 65) are hospitalized at the same time for accidental injury for as long as both remain in the hospital—even for life, if necessary.

PAYS \$400.00-A-MONTH CASH for a registered nurse at home if your doctor has you hire one within five days following a covered hospital confinement of five days or more.

PAYS up to \$2,000.00 CASH for complete accidental loss of limbs or eyesight.

65 OR OVER? YOU COLLECT IN ADDITION TO MEDICARE BENEFITS

We have designed this plan as a valuable addition to whatever is paid by Medicare—or health insurance you may have with any other companies. Regardless of the coverage you already have, this National Home plan pays you at the rate of \$300.00 a month for the first 3 months, and \$600.00 monthly while hospitalized thereafter. Coverage for accidents begins the first day. Coverage for sickness begins the sixth day. Both coverages continue for life, if necessary.

And that's not all. Suppose you have a growing family—this policy (NH10-669) ...

Pays you \$360.00-a-month cash when any dependent child is hospitalized.

When you choose Coverage for Children, all your unmarried dependent children from age one month through 18 years are covered, too! What's more, any newborn children you have in the future are covered automatically at the age of one month—at no additional cost to you. And whenever any of your children go to the hospital, this National Home plan pays you at the rate of \$360.00-a-month cash, for as long as necessary. Children are covered for accidents from the first day and for sickness from the sixth day.

Pays you tax-free cash for Maternity Benefits, too.

With this plan, you can also collect cash at the rate of \$600.00 a month for every day you are confined to the hospital for pregnancy, childbirth, or even miscarriage. You get this cash, which is yours to use as you see fit, when Coverage for Children and Maternity Benefits have been added to the basic plan. Of course, both parents must be enrolled in this plan for the entire period of pregnancy.

Pays you \$400.00-a-month cash for a Registered Nurse at Home.

Here's a wonderful "get well" benefit of this National Home plan: You collect cash benefits at the rate of \$400.00 a month when your doctor has you employ a full-time registered nurse within five days after you come home, following a stay in the hospital of five days or more for which you received benefits. You are paid for the same number of covered days that you were in the hospital—even up to 12 full months!

Double Cash Accident Benefit.

When you and your insured spouse are hospitalized at the same time for an accidental injury, this National Home plan pays you an EXTRAORDINARY DOUBLE CASH BENEFIT. You receive not \$600.00 but \$1,200.00 a month. Your spouse receives not \$600.00 but \$1,200.00 a month. That's \$2,400.00 in all, in cash payments to you every month (when under age 65) starting the day you enter the hospital for as long as you both remain there.

Pays you up to \$2,000.00 cash for these accidental losses ...

The accidental loss of limbs or eyesight can be terrible. But if such loss occurs any time within 90 days of the accident, you collect \$1,000.00 for the complete loss of a hand or a foot or the sight of an eye—and \$2,000.00 for loss of two limbs or the sight of both eyes.

Waiver of premium benefit.

THIS NATIONAL HOME PLAN WILL PAY ALL PREMIUMS that come due for you and all Covered Members of your family should you—the policyowner—be hospitalized for eight consecutive weeks or more. Yes, after 8 weeks of confinement, your premiums are taken care of by us. And your protection continues just the same as if you were paying the premiums yourself. Then, if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, we will again pay any premiums coming due while you are in the hospital. This means you pay no premiums, yet your full protection remains in force for as long as you are in the hospital. This protection applies only when the policyowner is hospitalized.

These are the ONLY exclusions!

Your National Home policy covers every kind of sickness or accident except conditions caused by: act of war; any mental disease or

disorder; pregnancy, except as provided under the Maternity Benefit provision; and any sickness or injury you had before the Effective Date of your policy... during the first 2 years only.

This last provision is a real help if you already have a health problem. If you are sick before you take out this policy, you will even be covered for that condition after the policy has been in effect for 2 years. Meanwhile, of course, every new condition is covered.

Nationally known and respected.

This is the kind of outstanding protection you may have seen in *Reader's Digest*, *Parents*, *National Geographic* and other leading publications. The special plans offered by the National Liberty Corporation group of companies are today helping policyowners in all 50 states—and many foreign countries—paying benefits at the rate of more than \$1,500,000.00 a month. In addition, our Company has a RECOMMENDED rating from *Best's Insurance Reports*, one of the foremost insurance authorities in the nation.

Fast, reliable claim service when needed most.

You never really know how good a policy is until you have to make a claim. That's why we think you'll be interested in what some of our National Home policyowners have to say.

"I took out the policy and had only paid two monthly premiums when I was unexpectedly put in the hospital. Was there 11 days and the National Home Life Assurance Company paid exactly what they had said they would. How happy we were we had taken the policy out."

DEWEY M. FAIROR, Upper Sandusky, Ohio

"Thank you for the check in payment of my recent claim. I am well satisfied with the service. I will certainly recommend your company at every opportunity."

ALGIE M. DAVIS, Waterville, Maine

"I was more than satisfied with the way my claim was handled. One couldn't ask for better service and the 'get well soon' message was one of the nicest thoughts on your part. I thank you sincerely."

DR. E. STANLEY JONES, internationally known evangelist, author, missionary statesman: "In offering low-cost health insurance by mail, you are rendering a valuable service to thousands of people who have no other opportunity to avail themselves of such protection. It's reassuring to know that policyowners insured by the National Liberty group are receiving more than \$1,500,000.00 a month in benefits."

JEROME HINES, leading bass with the Metropolitan Opera Company: "It seems to me that the concept of health insurance by mail is a very sensible one. It's quick, easy and economical. Nobody makes surprise visits to your home to ask personal questions. There's no medical examination. And costly processing charges are eliminated. This means more protection at less cost. I congratulate National Home Life Assurance Company for meeting a real need."

National Liberty commended in U.S. Congressional Record

National Liberty Corporation, parent of National Home Life Assurance Company, has been commended in the United States Congressional Record for bringing low-cost insurance to the general public: "National Liberty deserves recognition for providing service beyond the expected, service willingly offered to those who are not being cared for in other ways. This is the secret of success for its low-cost insurance plans. With the highest public interest at heart, the National Liberty Corporation group of companies combines reliability and quality of service with noteworthy price advantages. It is to be commended on its leadership and vision in this field of human welfare."

Why you must act before the date shown on your Enrollment Form—just a few days from today.

Why do we give you so little time to enroll in this plan? Because this is a guaranteed enrollment offer, we can open the enrollment only during a limited time period—with a firm deadline date for everyone. To provide you with this broad coverage at these rates, we must receive your Enrollment Form during the same period as all the others.

As soon as we receive your Enrollment Form we will rush your policy to you by First Class Mail. When your policy arrives, examine it in the privacy of your own home. It is a very short document and you'll be pleasantly surprised to see there is no fine print. Show it, if you wish, to your doctor, lawyer, insurance agent, or some other trusted advisor.

Here are your low rates.

The following rate chart shows how little it costs after the first month to cover yourself, your spouse and any adult dependent. Naturally, at these low rates, we can issue you only one policy of this type. Each adult, 16 or over, pays the rate shown for his or her age.

Age at Enrollment	Monthly Premium per Adult
16-44	only \$3.45
45-49	only \$4.00
50-54	only \$4.40
55-74	only \$5.10
75-79	only \$5.85
80-84	only \$6.50
85 and over	only \$7.75

Only \$1.80 more per month covers all your unmarried dependent children... from the age of one month through 18 years. Newborn children are covered automatically at the age of one month—at no additional cost. And then if you wish, just add \$1.85 monthly to that, and you're covered for Maternity Benefits, too.

NOTE: The regular monthly premium shown here (for age at time of enrollment) will not automatically increase as you pass from one age bracket to the next! Once you have enrolled in this National Home plan, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state!

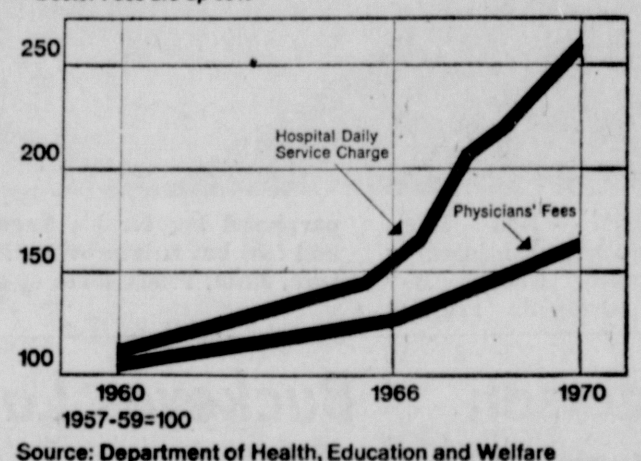

Act NOW—"Later" May Be Too Late!

YOUR QUESTIONS ANSWERED ABOUT THIS NATIONAL HOME PLAN

1. How much will I be paid when I go to the hospital?
You will receive cash at the rate of \$600.00 a month (\$200.00 a day). When you're 65 or over, you collect (in addition to any Medicare benefits) \$300.00 a month for the first 3 months, and \$600.00 monthly while you remain continuously hospitalized thereafter. And you collect cash for an accident even if you're in the hospital for only one day. Coverage for illness begins the sixth day—and benefits are paid in full for as long as you're hospitalized... even for life, if necessary.
2. When do I start to collect hospital benefits?
This new plan (NH10-669) covers you from the very first day for accidents and from the sixth day for sickness—even for life, if necessary! Most everyone has some insurance or savings to take care of a one to five-day hospital stay. Since we provide lifetime benefits, this "deductible" feature enables us to give you broad coverage at a lower cost than would otherwise be possible.
3. Do you pay me cash when my children go to the hospital?
You collect cash at the rate of \$360.00 a month whenever any of your children (age 1 month through 18 years) go to the hospital—if Coverage for Children is added to the basic plan. Coverage for accidents begins on the first day—sickness on the sixth day. And if you have a growing family—as soon as any newborn child is one month old, he, too, is covered—automatically... at no additional cost.
4. Will you pay me cash benefits for pregnancy?
Yes, when Coverage for Children and Maternity Benefits have been added to the basic plan. You collect cash at the rate of \$600.00 a month for pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents have to be enrolled in this plan for entire pregnancy period.)
5. Suppose I'm hospitalized for a long time and can't meet my premium payments?
If you—the policyowner—are hospitalized for 8 consecutive weeks or more, this plan will PAY ALL PREMIUMS that come due for you and all Covered Members of your family while you are confined to the hospital beyond the initial 8-week period. You aren't expected to pay us back, either.
6. Will my protection be cancelled because I have too many claims?
Not Only you can cancel—the Company cannot—no matter how many claims you have or how old you become... or for any other reason whatsoever. A GUARANTEED RENEWABLE FOR LIFE clause has been written into your policy, and we're bound by it.
7. Now tell me what's the "catch"—what doesn't my policy cover?
Get ready for a welcome surprise. Your policy covers everything except conditions caused by: act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; confinements within a U.S. Government hospital or a nursing or convalescent facility; or any sickness or injury you had before the Effective Date of your policy—but even this last "exclusion" is done away with after you've been a policyowner for only two years. Everything else is definitely covered.
8. What are the requirements to enroll in this National Home plan?
You must not have been refused or had cancelled any health, hospital or life insurance due to reasons of health; and to qualify during this Enrollment Period—you must enroll before midnight of the date shown on the Enrollment Form.
9. Besides saving money—are there any other advantages to joining this plan during this Enrollment Period?
Yes. A very important one is that you don't need to complete a lengthy, detailed application—just the brief Enrollment Form in the corner of this page. Also, during this Enrollment Period there are no extra requirements for eligibility, and no "waivers" or restrictive endorsements can be put on your policy!
10. How do I enroll?
Fill out the brief Enrollment Form and mail it with just 25¢ for the first month's protection for your entire family. Mail to: National Home, Valley Forge, Pa. 19481.

MONEY-BACK GUARANTEE

We will send your National Home policy by mail. Examine it carefully in the privacy of your own home. Show it, if you wish, to your own insurance agent, doctor, lawyer or other trusted advisor. If you decide, for any reason that you don't want to continue as a member of this plan, return the policy within 15 days of the date you receive it, and we will promptly refund your money. Meanwhile, you will be fully protected while making your decision!
